

Resort Must-Haves

Little things that make a BIG difference once you arrive

Item

Portable Fan

This was a lifesaver for me our last trip – for when the AC might not work as you would like Here is the fan I have (and recommend!)

Beach/Pool Chair Clips

No more chasing towels 🐾 There are so many cute options out there!

Portable safe

For beach/pool. Here is the one we have (and recommend!)

Pool Floats Chairs Adult, 2 Pack Heavy Duty Inflatable Swimming Pool Lounges

These are great! Easy to blow up with a hand pump. We purchased a Plastic Ballon Pump 11 inch from The Dollar Tree! Inexpensive and easy to travel.

Collapsible Laundry Hampers

You would never think to bring these on vacation – but we were glad we did! It was a nice way to keep our room clean and organized. Then when it was time to pack up to go home, we just folded the dirty clothes and put them all in one suitcase (to keep our clean and dirty clothes separate).

Orthopedic Sandals for Women - Arch Support

I love these flip-flops! I have foot/ankle/knee issues and these are the best for my body. I can be out and about all day and not have any issues. I own multiple pairs in many colors.

After-Sun Aloe Gel

I took it a step further and purchased a 4 pack of 3 oz bottles and put the gel in those. It is great to keep one in your beach bag, one at your bed side, one in your bathroom and one to give to a friend.

Tide To Go Instant Stain Remover Wipes

These are a life saver. Bring them to the beach or pool for if you spill your tropical drink...really bring one (or two) with you where ever you go. If you are like me, you will spill!

Packing Cubes

These are a great space saver OR reuse your Shein clothing bags for packing! These are a great recycle/reuse option.

Travel Journal

This is the journal I have. At the end of the day, I like to document what we did, food and drinks we enjoyed and noted things that worked well or things I would want to do different.

Air Tracker Tags - 4 Pack

We bought these for in our checked bags. Great way to keep an eye on your luggage as it travels through the airport. They are smart, bluetooth tracker that works with Apple (not for Android)

Other Must-Haves

Sunscreen, bug spray, extra bottle of aloe vera after sun gel (if you tend to get a bit more red than bronze, bring one bottle person)

Travel size: hand sanitizer and hand wipes – great to keep in your beach bag

IB/Tylenol, Pepto Bismol tablets/tums, Liquid I.V.! You will need these in case of dehydration from the sun, adult beverages or sensitive stomachs.
